Six Faculty Members To Train Peace Corps

The Peace Corps won't be training at SJS this summer, but that doesn't mean that the SJS science faculty won't be training the Peace Corps.

Five members of the faculty from SJS will leave for Hilo, Hawaii, next month, where they will help train 200 Peace Corps volunteers.

Dr. Richard A. Smith, associate professor of physical science and science education, will be co-ordinator of science and mathematics

training for the project, called "Philippines X." All of the volunteers are preparing to teach in the elementary school, he said.

Assisting him will be Dr. H. Robert Patterson, acting head of the Biological Science Department; Dr. Henry W. Robinson, associate professor of zoology and bacteriology; Dr. Henry G. Weston, associate professor of biology; and Dr. John L. Rhodes, associate professor of science education.

The SJS team will be aided by John MacDonald, who teaches sciences at John Muir Junior High School in San Jose, and Miss Jean Norton, a SJS science major who will serve as technical assistant.

Dr. Moellering Compares Europe, U.S. Collegians

The Interfraternity - Panhellenic Cultural Committee will present Dr. William D. Moellering, professor of foreign languages, speaking on a comparison of students on U.S. and European campuses.

Dr. Moellering will speak at 7:30 Monday night at the recreation field between the dorms on Eighth Street. He has been on sabbatical leave in Spain and will discuss some pertinent observations he noted while on leave, according to Dwayne Carlstrom and Arleen Langley, co-chairmen.

All fraternity and sorority meetings will be discontinued at 7 p.m. so that all can attend. The speech is open to the public, will seat 800 persons.

AWS Positions Open; Interviews May 16

Interviews for three positions and one alternate position on the AWS Judicial Board are open for the fall semester.

Interviews will be held on Thursday at 3:30 in the AWS Lounge in the College Union.

Application blanks can be obtained now in the Union.

Deadline for turning in forms is Wednesday at 5 p.m.

Applicants must be either a junior or senior during their term of office and must have a 2.25 overall and at least a 2.0 for the previous semester.

Sled with Dummy On Display Today; Belt Sale Still On

This is National Seat Belt Month, and in conjunction with the special belt campaign being conducted at SJS, an exhibit of a Hickok sled used to demonstrate impact effects will be on display today at 10:30 a.m. on Seventh Street, in front of the cafeteria.

The Hickok sled display has a 200-pound dummy with jointed arms and legs to simulate a driver. The sled moves at 40 miles per hour and shows how a passenger, without and with seat belts, would be affected by a sudden impact.

Belts are on sale at the Spartan Bookstore for \$6.19 per belt, and will be installed from 9 a.m. to 4 p.m. today and May 16-17, and 23-24, by industrial arts students for \$1.50 at Eighth and San Carlos Streets.

The belts are available in a variety of colors. They are made of 100 per cent nylon, and equipped with metal-to-metal, quick-release buckles.

They not only meet the safety requirements of the California Highway Patrol, but also the higher specifications of the federal government's General Service Administration.

Belts of this type normally sell for \$10.95 to \$12.95.

ALUMNI ASSN. executive director Rick Buxton and Golden Grad Pres. Roy Thompson explain the association's goals to Gary Davis, who is manning an SAE signpost booth to help with the association's week-long senior membership drive.

Golden Grads, 125 Strong, Schedule Reunion Luncheon

A record turnout of 125 Golden Grads — alumni who have been graduated from SJS for 50 years or more — will climax Spring Alumni Week Activities in a reunion luncheon tomorrow at noon in the old cafeteria.

Two 1893 graduates and one each from 1895 and 1899 will be among the alumni reliving memories of the SJS Normal School, pre-SJS Teachers College and the present SJS.

Honor class this year is 1913, celebrating their 50th reunion. Orchids will be presented to those of the earliest class year represented and to the alumnus who traveled furthest to join the reunion celebration.

Designated to speak before the group are 1902 graduate Carmel Martin, prominent civic leader in the Monterey area, and William Eckert, Alumni Assn. president. The group will also be electing officers. A 1907 graduate, Roy Thompson, is currently president.

Pres. and Mrs. John T. Wahlquist will be guests of the luncheon.

Among other closing activities scheduled for tomorrow is an Aeronautics Department open house from 10 a.m. to 3 p.m. in their new building at the San Jose Municipal airport. It will feature a number of exhibits including a jet turbine engine, a supersonic wind

tunnel and a "link" trainer for instrument navigation.

An Industrial Arts open house, 9 a.m. to 12 noon, will exhibit student industrial design work.

Other events include: Home Economics coffee hour, 10 a.m. to 12 noon; Occupational Therapy brunch, 10:30 a.m., Room A of cafeteria; Chemistry Department luncheon, 12 noon, faculty dining room; and English Department informal reception, 2 to 4 p.m., Faculty Office Building.

Four top San Jose State student government officials will join 50 other student executives from 16 California state colleges as they gather at Chico State College over the weekend for the final 1962-63 meeting of the California State College Student Presidents' Assn. (CSCSPA).

Attending will be ASB Pres. Bill Hauck, President-elect Steve Larson, Vice President-elect Bob Pissano and Information Officer Jay Thorwaldson.

Hauck, current president of CSCSPA, will present a final report on accomplishments and future goals of the three-year-old group.

Delegates will include presidents and vice presidents who have served during the 1962-63 academic year and the newly elected officers who will assume their positions next fall.

CSCSPA is presently attempting to secure the formal "official recognition" of the State College Board of Trustees in order to better express its views "in an able and responsible manner" to the Trustees through the State College Chancellor.

Main discussion items will include the possibility of city governments cooperating with the Board of Trustees to build sports arenas for various campuses, and the SABER program (Student Association for Better Educational Relief).

In addition, the delegates will discuss the progress made in college union development programs on state college campuses.

Joan Woodbury's letter of
Monday, May 6, criticizes an ad
in the Spartan Daily placed by
Students Against Communism
concerning the United Nations'
atrocities (meaning, sez Web-
ster, brutal acts) in Katanga.She complained quite justifiably
about a number of "emotion-
charged" adjectives contained in
the ad and contended that they
were intended to "pervert the
mind of the reader."Miss Woodbury's criticism is
valid, I must agree, because
Communism itself depends on
just such "emotion-charged" ad-
jectives. J. Edgar Hoover oncesaid, "Communism feeds on ig-
norance. Be informed. Never
yield to the disastrous luxury
of emotional or 'fuzzy' thinking.
Stick to the facts." And the
facts, with or without the "emo-
tion-charged" adjectives Miss
Woodbury most rightfully de-
cries, are the same: The United
States government betrays the
heritage of its historical cham-
pionship of freedom by support-
ing the United Nations after
seeing what happened in Ka-
tanga.A¹ Mason

The televised broadcast, originating in the speech and drama television studio, will be directed by Tom Van Amburg, radio and television student, with Richard Elliott, assistant professor of speech and drama, supervising the production.

'West Side Story' Last Week Stand

Jerome Robbins' Tony and Maria of "West Side Story" challenge New York City's race-divided West Side for the final times this weekend when the smash Broadway play and movie ends a locally-produced run to-night and tomorrow night at Civic Auditorium's Montgomery Theater.

The musical, presented by the San Jose Civic Light Opera Association, is an excellent production, filled with the action, drama, beautiful songs, and comedy that has made the musical famous.

Leonard Bernstein's difficult score gets a rough treatment at times by the orchestra, but the overall impression of the production is extremely good, providing an excellent opportunity for someone who has yet to see "West Side Story."

Records Hunt On at Fresno

By DAVE NEWHOUSE

The freshman tracksters, who have felt the itch so far this year, could really break out into a record rash at tomorrow's 37th annual West Coast Relays at Fresno.

Dean Miller's yearlings have eclipsed two national frosh relay records in the last three weeks. Now it's time for some individual assaults, and Miller feels the likes of Mel Holmes, Joe Neff and John Garrison are ready to open fire on SJS frosh marks.

Holmes ran a scintillating 47.1 relay leg at Saturday's Records Meet to indicate he's ready to break Tim Curtis' 48.2 freshman quarter-mile standard, set in 1959.

Holmes will be in the open 440-yard against the flying feet of Ullis Williams of Arizona State and Dave Archibald of California. Fireplug Mel, who runs with his eyes closed down the back stretch, might just "feel" his way to a sub-48 second clocking.

Garrison and Neff will compete

in an open mile against USC's Bruce Bess and UCLA's Bob Day, two of the finest freshman milers in the nation.

Day recently ran a 4:05.0 mile, making him the fastest frosh miler in the country. Ness is second at 4:10.8, with Garrison close behind at 4:13.0. Both Neff and Garrison ran their best times without anybody to push them.

Garrison ran an admirable 3:02.0 1320 in practice this week, and immediately followed with another fast three laps.

"Garrison will run under 4.07 at Fresno," Miller declared. "Neff won't be far behind."

This statement is astonishing considering that Ben Tucker's school frosh mark is 4:08.4.

Miller is hoping that other talented open competition will push Ed Moody, Wayne Herman and Ken Good to key performances.

Moody and Herman will join varsity flash Lloyd Murad in the open 100, to challenge a strong field including Henry Carr, Dick Cortese, Willie Williams, Doug Smith, Steve Haas and Forest Beatty, the Cal frosh standout.

Good, who holds the school freshman record in the high jump at 6-6, and Bob Lovejoy (6-9 1/4) will tangle with seven-foot jumpers Joe Faust and Lew Hoyt.

San Jose State's varsity will enter five relay teams in the 440, 880, mile, two-mile and distance medley events.

Dwight Middleton, Ben Tucker and Jim Groothoff will be busy in two or more relays. Middleton may go in four.

Bud Winter has declared that Danny Murphy is ready to return

to the form which broke the collegiate indoor two-mile record at San Francisco in February.

Danny, bothered for a month now with stomach cramps, has been given a medical clearance to run in the 5,000 meters at Fresno. Jeff Fishback, Pan-American Games steeplechase winner and school record holder Horace Whitehead will make it an SJS threesome in the 5,000.

Lester Bond and Walt Roberts in the broad jump and triple jump, respectively, Bob Baughman in the javelin and Bob Taylor and Vince Darone in the 120 high hurdles should all improve their bests tomorrow against keen competition.

Spartan Nine Posts Perfect Loop Mark

Wednesday's rained-out game with University of Pacific will not be rescheduled, according to Spartan baseball mentor Ed Sobczak, because it was the last game of the season. As a result, San Jose finished the year with a 10-0 league record and 13-18 overall.

The Spartans romped through the league without losing a single game, although beating the University of San Francisco by a slim one-run margin on three different occasions.

Outside of league, the Spartans had a poor 3-18 record. There was one 8-8 tie with the Cal Aggies, in a game called because of darkness.

San Jose went down to defeat in its first seven contests, before finally picking up a win. The Spartans lost twice to the University of California, twice to Stanford, twice to Santa Clara and once to San Francisco State, before topping the University of Nevada, 5-1, to end the losing streak. A doubleheader with Nevada, scheduled for the next day, was rained-out.

The Spartans lost three more times, twice to Fresno State and once to Oregon, rated one of the top teams in the country, before winning again.

When league competition got under way, the Spartans had a 1-10 record, and looked as though

they might be easy prey for the rest of the WCAC. But San Jose quickly quieted any such rumors, whipping the University of San Francisco once and St. Mary's twice.

After losing to the Cal Aggies, San Jose competed in the L.A. State Easter Classic, in which it lost to the University of Southern California and L.A. State, and split two games with Brigham Young University.

From that point on, the SJS diamondmen played their best ball of the season, winning eight, while losing only three.

Golfers vs. Indians In Season Finale

The varsity and frosh golf dual match schedules close today at Stanford, in big matches against the always tough Indian linkmen at 1 p.m.

Bud Finger's Stanfordites will be looking for revenge and reasonably so, as the Spartans posted a 17½-9½ win on the Indians to end a 31-match win streak on April 26.

Four seniors will be closing out their dual collegiate careers for San Jose State. All-American John Lotz, recently voted the top collegiate golfer in California, Harlen Krantz, Dan James and Bill Aragona will take the long walk from the 18th hole today.

The freshmen golfers, inactive since April 29th's victory over San Jose City College, also end their season today.

Intramural Entries For Track Meet Due at 12 Today

All entries for the all-college track meet are due in the intramural office by noon today, according to Intramural Director Dan Unruh. The meet will begin one week from today on Spartan Field.

Entry changes, Unruh said, can be made until noon Wednesday. A managers' meeting will be held Wednesday at 3:30 p.m., and an officials' meeting Thursday at 3:30 p.m., both in MG201. Each team entered is required to supply two officials.

Wednesday's intramural baseball games were called because of rain, according to Unruh. The fast-pitch games will be made up Wednesday, immediately after the regularly scheduled games. The soft-pitch games probably will not be made up, Unruh said, because of a lack of time.

No softball games are scheduled for today, but there is a full schedule of independent fast-pitch games to be played Monday, as well as one slow-pitch contest.

In fast-pitch, Sinfonia and the Slob Sacks vie on field one, the Diamonds meet the Cal-Hawaiians on field two, Sigma Alpha Epsilon No. 2 and Army ROTC play on field three, the Individuals tangle with Allen Hall on field five, Pink Tub Annex faces Moulder Hall on field six, and Kappa Pi plays Markham Hall on field seven. In slow-pitch, the Church Keys meet Markham Hall on field one.

HOW TO SEE EUROPE FOR ONLY \$300 A DAY: NO. 1

Summer vacation is just around the corner, and naturally all of you are going to Europe. Perhaps I can offer a handy tip or two. (I must confess that I myself have never been to Europe, but I do have a French poodle and a German shepherd, so I am not entirely unqualified.)

First let me say that no trip to Europe is complete without a visit to England, Scotland, Wales, Ireland, France, Germany, Spain, Portugal, Italy, Liechtenstein, Holland, Belgium, Luxembourg, Switzerland, Denmark, Sweden, Norway, Finland, Poland, Czechoslovakia, Latvia, Lithuania, Estonia, Russia, Greece, Yugoslavia, Albania, Crete, Sardinia, Sicily, Hungary, Rumania, Bulgaria, Lapland, and Andorra.

Let us take up these countries in order. First, England.

The old ones are thrown away

The capital of England is London—or Liverpool, as it is sometimes called. There are many interesting things to see in London—chiefly the changing of the guards. The guards are changed daily. The old ones are thrown away.

Another "must" while in London is a visit to the palace of the Duke of Marlborough. Marlborough is spelled Marlborough, but pronounced Marlboro. English spelling is very quaint, but terribly disorganized. The late George Bernard Shaw, author of *Little Women*, fought all his life to simplify English spelling. They tell a story about Shaw once asking a friend, "What does g-h-o-t-i spell?"

The friend pondered a bit and replied, "Goatee."

Shaw sniggered. "Pshaw," said Shaw. "G-h-o-t-i does not spell goatee. It spells fish."

"How is that?" said the friend.

Shaw answered, "Gh as in enough, o as in women, ti as in motion. Put them all together, you get fish."

This was very clever of Shaw when you consider that he was a vegetarian. And a good thing he was. As Disraeli once remarked to Guy Fawkes, "If Shaw were not a vegetarian, no lamb chop in London would be safe."

But I digress. We were speaking of the palace of the Duke of Marlborough—or Marlboro, as it is called in the United States. It is called Marlboro by every smoker who enjoys a fine, rich breed of tobaccos, who appreciates a pure white filter, who likes a soft pack that is really soft, a Flip-Top box that really flips. Be sure you are well supplied with Marlboros when you make your trip abroad. After a long, tiring day of sightseeing there is nothing so welcome as a good flavorful Marlboro and a foot-bath with hot Epsom salts.

Epsom salts can be obtained in England at Epsom Downs. Kensington salts can be obtained at Kensington Gardens. Albert salts can be obtained at Albert Hall. Hyde salts can be obtained at Hyde Park, and the crown jewels can be obtained at the Tower of London.

The guards at the Tower of London are called Beefeaters because they are always beefing about what they get to eat. This is also known as "cricket" or "petrol."

Well, I guess that about covers England. In next week's column we will visit the Land of the Midnight Sun—France.

Wherever you may roam in Europe and in all fifty states of the Union, you'll find Marlboro ever-present and ever-pleasant—filter, flavor, pack or box.
